

## SEOUL / INCHEON / GYEONGGI-DO / GANGWON-DO SUBWAY

### HOW TO TAKE THE SUBWAY

#### SINGLE-USE TICKETS

● **Seoul / Incheon / Gyeonggi-do / Gangwon-do**  
The Seoul subway system uses single-use tickets (orange cards) or rechargeable transportation cards. Vending machines are located within every station.

**Purchasing Single-use Ticket**  
1. From the home screen, select "1 Single Journey."  
2. Select your destination. If you click "Search Subway Map" you can select destination from the Seoul Subway Map.  
3. Select number of cards to purchase.  
4. Insert requested amount, and card will be dispensed. Take card (and change).  
\* Seoul Metropolitan Subway

**Returning Single Journey Ticket & Receiving Refund**  
1. Insert used card.  
2. 500won (deposit for single-journey card) will be refunded.

● **Busan**  
The Busan subway can be traveled with a ticker, or a 1-day pass, which allows unlimited rides on the day of purchase.

● **Daegu / Daejeon / Gwangju**  
The Daejeon, Daegu and Gwangju subway use round plastic tokens that must be tapped on the turnstile when going in, and then inserted in the token slot when getting off.

#### TRANSPORTATION CARDS

● **T-money Card**  
This rechargeable card can be used on subways, buses and taxis nationwide and offers free transfers. It can be purchased/recharged at subway station and most convenience stores.

● **Korea Tour Card**  
It has all the functions of a T-money card and also offers discounts at various tourism shopping and cultural facilities. It can be purchased at select convenience stores and the Airport Railroad Travel Center.

### HOW TO TAKE THE BUS

Bus fare can be paid either by cash or transportation card when boarding. If using a transportation card, passengers can get a transfer discount when changing to the subway system or another bus line. To receive the discount, be sure to tap your card on the card reader by the exit doors before getting off the bus.

#### INTERNATIONAL TAXI

International taxis are driven by taxi drivers who can speak foreign languages such as English, Japanese or Chinese. Reservations : call center (+82-2-1644-2255, Mon-Fri 09:00-18:00, Sat 09:00-13:00), [reserve@intltaxi.co.kr](mailto:reserve@intltaxi.co.kr)

## CHOOSING KOREA AS YOUR MEDICAL TRAVEL DESTINATION.

### Leading Healthcare in Asia

- + In Asia, Korea is one of the most advanced countries in healthcare.
- + The number of publications in medical science has been outstanding over the years.
- + Around the globe, the largest number of clinical trials is carried out in Korea.
- + Numerous international community services are performed, including staff training programs for doctors in developing countries, and Korea-funded projects aimed at helping developing countries build modern facilities with ODA funds.
- + It is our belief that Korea has the capabilities to serve international patients who are looking for top quality treatment at an affordable cost.

### The Most Advanced & Reliable Healthcare Service

- + World-class healthcare services accompanied by highly advanced facilities and cutting-edge technology.
- + The top-quality of care provided are monitored continuously by the government through hospital accreditation and strict evaluation programs.
- + All general hospitals in Korea are not-for-profit organizations. Therefore, patient safety and satisfaction comes first rather than profitability.
- + International medical societies highly respect our physicians, specialists, and surgeons.

### Affordable Price

- + The overall price is only 20-30% of the cost in the US.
- + The price is less expensive than international hospitals in China and similar to the price of private hospitals in Singapore.
- + No matter the cost, the quality of care provided will satisfy everyone's needs.

### Easy Accessibility

- + Geopolitically, travel to Korea has never been easier.
- + Less than 8 hours flight distance from all Asian and East European Countries.
- + Direct flights are available from major cities in North America and Europe.
- + Waiting time for making appointments is no longer than 2 weeks.
